## Using your Bush Splashproof Speaker

### Getting start

1. The Bluetooth speaker has built in lithium ion rechargeable battery.
2. Keep POWER SWITCH (4) at off position.
3. Connect the micro USB plug of the provided USB cable to the USB charging port (5) of the Bluetooth speaker, and connect the other end to a 5Vdc USB output of computer or USB charger. (Fig. 1)

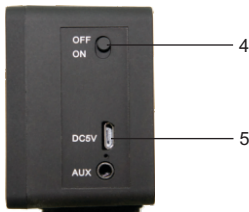

Fig. 1

4. The red light next to USB port (5) will light up to indicate the charging status. The red light will turn off when the battery is fully charged. (Fig. 2)

Fig. 2

5. It is highly recommended to fully charge the Bluetooth speaker before use.

\* Use 5V/1A USB charger or computer to charge the Bluetooth speaker. It will take around 3 hours if the battery is exhausted.

## Power up & pair Bluetooth

### POWER switch (4)

1. Switch on the power by pushing POWER switch (4) downward. Blue light next to the USB port (6) is flashing. Bluetooth mode is entered automatically. If no device has been paired, it will start pairing. (Fig. 3) A sound signal is played.

Fig. 3

2. Turn on your Bluetooth pairing mode of your smart phone or computer. Inside the pairing page, select SP-925. The blue light will be steady if the speaker is paired up. A sound signal will be played also.

It is ready to play music now.

## Play music

### PLAY/PAUSE/PHONE button (2)

1. Press once the PLAY button (2) to play music. Press once again to pause. (Fig. 4)

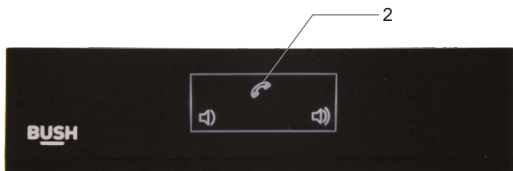

Fig. 4

PREVIOUS SONG/VOL- button (1)

2. Press PREVIOUS SONG button (1) once to play previous song or hold to lower down the sound volume. (Fig. 5)

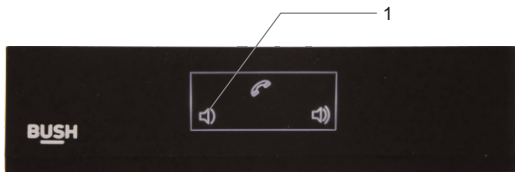

Fig. 5

NEXT SONG/VOL+ button (3)

3. Press NEXT SONG button (3) once to play next song or hold to raise up the sound volume. (Fig. 6) A sound signal will be played when the volume reaches its maximum level.

Fig. 6

## Handfree phone answering

PLAY/PAUSE/PHONE button (2)

1. When a phone call is coming, a sound signal will be played. Press PHONE button (2) once to pick up the call. (Fig. 7)
2. Talk towards your smart phone.
3. When the call is finished, press PHONE button (2) once again to hang up the call.

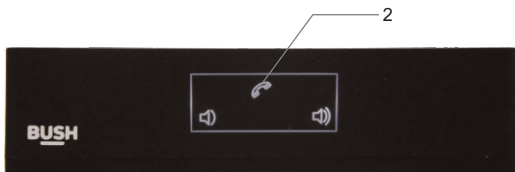

Fig. 7

## Drop a phone call

PLAY/PAUSE/PHONE button (2)

1. When a phone call is coming, but you don't want to pick up, press and hold PHONE button (2) for 1 second to drop the call. (Fig. 8)

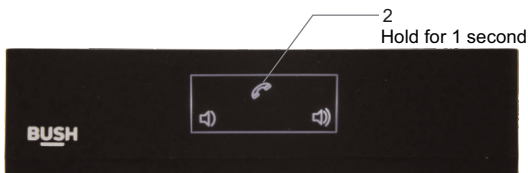

Fig. 8

## Redial last call

PLAY/PAUSE/PHONE button (2)

1. Press twice continuously the PHONE button (2) to redial the last call. (Fig. 9)

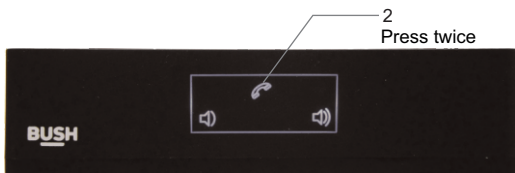

Fig. 9

## AUX input

### AUX input (7)

Plug in the 3.5mm plug of an audio cable into the AUX input (7). The Bluetooth speaker will detect it and turn to Aux mode automatically. (Fig. 10)  
Play music as usual.

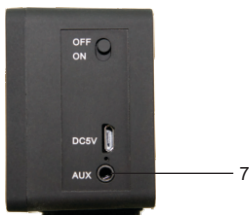

Fig. 10

## Powering off

### POWER button (4)

Pull up the POWER switch (4) to power off the Bluetooth speaker. The blue light next to POWER button will be off. (Fig. 11).

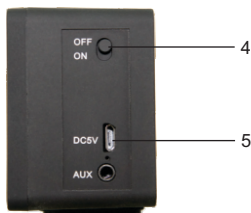

Fig. 11

## Technical specifications

Signal-to-noise ratio: 85dB  
Frequency response: 80 - 15kHz  
Battery: Lithium ion, 3.7V, 400mAh  
Charging power: DC 5V/1A  
Charging time: 2-3 hours  
Play time: around 4 hours  
Working range: 10m

## Troubleshooting

If the unit cannot be turned on.

- \* Try to charge the Bluetooth speaker with the provided USB cable with a 5V charger until the red light next to USB port is off.

If the unit cannot connect to smart phone.

- \* Turn off the unit and turn on again. Try again to connect with your smart phone. If still cannot, delete the registered SP-925 from the Bluetooth device list and pair again.

Music is intermittent on and off.

- \* If it is connected by Bluetooth, check whether the unit is too far away from your smart phone.
- \* If it is connected by 3.5mm jack, check whether the connection is loosen. Turn the plug left or right for half a circle, or take it off and plug in again.

## Product Support

Help is always at hand

■ The symbol on the product or its packaging indicates that this product must not be disposed with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.

## CE Notes for battery disposal

The batteries used with this product contain chemicals that are harmful to the environment. To preserve our environment, dispose of used batteries according to your local laws or regulations. Do not dispose of batteries with normal household waste. For more information, please contact the local authority or your retailer where you purchased the product.

This product is intended for use within the UK. This equipment complies with the essential requirements for the Radio Equipment and Telecommunications Terminal Equipment Directive 1999/5/EC.

### Declaration of Conformance

Hereby, Argos Ltd, declares that this Band II LPD device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. The complete declaration of conformity can be obtained by contacting <http://www.argos-support.co.uk/>

## Product support

Help is always at hand
