Safety information

1

Safety information

Important - Please read these instructions fully before assembling or operating

FOR HOUSEHOLD USE ONLY.

When using the vacuum cleaner, basic safety precautions should always be observed, including the following:

- Only use the vacuum cleaner indoors on dry surfaces. Do not handle the plug or vacuum cleaner with wet hands. Do not use outdoors or on wet surfaces.
- Turn off the vacuum cleaner controls before disconnecting or connecting from the mains supply.
- Always unplug the vacuum cleaner before connecting or disconnecting the vacuum hose and accessories.
- Children should be supervised to ensure that they do not play with the appliance.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- Only use as described in this manual. Only use recommended attachments.
- Do not use the vacuum cleaner if it has been dropped, damaged, left outdoors or dropped into water.
- Do not use the vacuum cleaner with a damaged cord or plug. If the supply cord is damaged, please consult qualified technician in order to avoid hazard.
- Do not pull or carry by cord. Do not use the cord as a handle, close a door on the cord or pull cord around sharp edges or corners. Do not run the vacuum cleaner over the cord. Keep

Safety information

Important - Please read these instructions fully before assembling or operating

the cord away from heated surfaces.

- Do not put any objects into openings. Do not use with any openings blocked and do not restrict air-flow. Keep all openings free of dust, lint, hair or anything that might reduce airflow.
- Keep hair, loose clothing, fingers and all parts of the body away from openings and moving parts.
- Do not pick up hot coals, cigarette butts, matches or any hot, smoking or burning objects.
- Do not pick up flammable or combustible materials (lighter fluid, petrol, kerosene etc.) or use in the presence of explosive liquids or vapours.
- Do not vacuum up harmful or toxic material (chlorine, bleach, ammonia, drain cleaner etc.).
- Do not vacuum up hard or sharp objects such as glass, nails, screws, coins, etc.
- Do not use without all of the filters in place.
- Take extra care when vacuuming on stairs.
- Keep vacuuming area well lit.
- Store the vacuum cleaner in a cool, dry area.
- Turn off the on/off switch before unplugging the vacuum cleaner.
- Only use CE-approved 13 amp extension cords. Non-approved cords may overheat. Care should be taken to arrange the cord so that the cord cannot be tripped over.

Safety information

Important - Please read these instructions fully before assembling or operating

WARNING: Always switch off and unplug the vacuum cleaner from the electrical outlet before assembling, opening or emptying the dirt container, connecting/ disconnecting the attachments, or carrying out maintenance or troubleshooting checks.

CAUTION: The vacuum cleaner is a very powerful unit. Before plugging the cord into the electrical outlet, make sure the switch is in the 'off' position. Hold the vacuum cleaner firmly when starting and in use.

IMPORTANT: If the inlet, hose or extension tube is blocked, switch off the vacuum cleaner and remove the blockage(s) before re-starting the vacuum cleaner.

IMPORTANT: We recommend that filters should be checked and cleaned periodically. For washable filters, ensure they are completely dry before inserting back into the vacuum cleaner. Do not wash with detergents. Only use warm water, max 40°C.

PLEASE KEEP INSTRUCTIONS FOR FURTHER USE

Safety information

Important - Please read these instructions fully before assembling or operating

Plug / Wiring advice

The wires in this mains lead are coloured in accordance with the following UK electrical code:

BLUE = NEUTRAL

BROWN = LIVE

Non-rewireable plug

This appliance may be fitted with a “non-rewireable” plug. If you need to change the fuse in a “non-rewireable” plug, fuse cover must be refitted. If the fuse cover is lost or damaged, the appliance must not be used.

Rewireable plug

The colours of the wires in the mains lead of this appliance may not correspond with the coloured markings identifying the terminals in a rewireable plug. **Rewireable plugs should only be replaced by a suitably competent person. If in doubt, consult a qualified electrician in order to avoid hazard.**

Should the fuse need to be replaced, a 13 amp fuse approved to BS1363/A must be used

The BLUE wire must be connected to the terminal marked with the letter N

The BROWN wire must be connected to the terminal marked with the letter L

If you require any technical guidance or find that your product is not operating as intended, a simple solution can often be found in the **Troubleshooting** section of these instructions

Assembling your vacuum cleaner

3

Assembling your vacuum

Bringing it all together

Assembly

Vacuum cleaner with dust cup.

Slide handle into top of vacuum cleaner. Push down until it clicks.

Line up the dust container with the hose attachment facing downwards, twist hose collar clockwise to secure.

Loop hose over hose retainer.

Push loose end of hose securely onto hose inlet.

Align upper and lower cord hooks and press to snap in place. Upper cord hook should rotate freely.

Store accessories on back of vacuum cleaner. Wrap cord onto upper and lower cord hooks.

Store turbo brush on front of handle. Align brush opening with slot and push to snap tool into clip.

If you require any technical guidance or find that your product is not operating as intended, a simple solution can often be found in the **Troubleshooting** section of these instructions

Using your vacuum 4

Using your vacuum

Let's get started

Operating the appliance

Put plug into power socket

Turn height adjustment knob to adjust from Low to high pile carpet or hard floor setting as appropriate.

Step on power on/off button to turn vacuum cleaner on. Step on again to turn off

Step on cleaner release button to lower handle into position for vacuuming floors.

Empty dust container after every use

Press release button and lift off dust container.

To empty debris, press lever to release bottom lid.

If you require any technical guidance or find that your product is not operating as intended, a simple solution can often be found in the

Troubleshooting section of these instructions

Using your vacuum

Let's get started

How to use accessories

⚠ Caution: When using tools, always place handle in upright position. Make sure vacuum cleaner is turned off while attaching tools.

1. Place vacuum in upright position.
2. Turn height adjustment knob to highest position.
3. Pull hose up to release hose end from hose inlet (Fig.1).
4. Push end of hose into top of handle and twist clockwise until it clicks (Fig.2).
5. Press handle release latch and pull out handle (Fig.3).
6. To attach accessories, push desired tool onto end of wand (Fig.4).
7. To use accessories without handle, push desired tool directly onto end of hose (Fig.5).
8. Small Turbo brush is ideal for carpeted stairs, fabric upholstery and small carpeted areas. Place the tool onto the surface and move forward. Don't apply downward pressure to the tool. Not suitable for delicate fabrics or surfaces; Do not use the attachment on animals.
9. When accessories of using has finished, twist hose counterclockwise and put it off from handle. Slide handle into top of vacuum cleaner and push down until it clicks. Push end of hose securely onto hose inlet. Store tools on vacuum cleaner back.

Care and maintenance 5

Care and maintenance

Looking after your appliance

Maintenance

Switch off and disconnect from the mains supply before carrying out cleaning and maintenance.

To ensure your vacuum cleaner works at optimum efficiency, keep the ventilation holes and vacuum cleaner surface free from dirt.

Ensure that the dust container is emptied and the air filters are washed regularly.

1. Wipe the outside of the vacuum cleaner and accessories with a damp (not wet) cloth and then wipe dry. Do not use detergents, solvents or abrasives as these may scratch or damage the surface.
2. Never immerse the vacuum cleaner, cable or plug in water.
3. When not in use, store in a cool, dry place.

Emptying the dust container

1. When the dust container reaches the MAX line marked on the dust container or when the suction power is reduced, it is time to empty the dust container.
2. Switch off and disconnect from the mains supply.
3. To keep your vacuum cleaner running efficiently and effectively, it is recommended to empty the dust container after each use

Press release button and lift off dust container.

Hold dust container over wastebasket and press lever to release bottom lid.

Close bottom lid until it clicks.

Care and maintenance

Looking after your appliance

Cleaning the filters

1. Before starting any cleaning, ensure the appliance is not plugged into the mains supply and is switched off. The **frequency of cleaning filters** depends on **the appliance usage**. For maximum efficiency, the filter at the top of the dust container should be cleaned every time **the appliance is used**. **The filter needs to be washed with water every month**. Allow **the filters to dry for at least 24 hours**. **Make sure filters are dry before placing them back into the unit**.

2. Washable dust container filters – Clean monthly

Pull dust container latch to lift up dust container lid.

Lift out foam filter and shake off dust. Rinse foam filter and dry thoroughly.

Grip tabs and lift out. Shake off dust. Rinse dust cup. Dry all thoroughly.

Align tab on filter screen with slot on back of dust container and drop into position.

Reinstall foam filter.

Close cover till it clicks.

⚠ Warning: Never operate vacuum cleaner without foam filter and filter screen in proper position.

Care and maintenance

Looking after your appliance

How to clear a blockage

⚠ Caution: Make sure vacuum is turned off and power cord is unplugged.

If vacuum **doesn't pick-up** and if the suction power at end of hose is **weak**, check the air path for **blockage**.

1. Press release button and lift out dust container (Fig. 1).
2. Empty debris. Hold over wastebasket and press bottom lever to release bottom lid (Fig. 2).
3. Check filter screen. Remove any debris and shake off dust. (See maintenance instructions on page 22.)
4. Loosen end of hose.
5. Use a rod or similar blunt implement to clear a blockage in wand or hose. Stretch hose to loosen debris. (Fig. 3). Use caution if there is any sharp objects that could have become imbedded in hose.
6. Remove dust container.

⚠ Caution: Be careful of anything sharp that could have imbedded or got stuck in the unit when checking!

7. Use finger to check for debris in air path (Fig. 4).
8. Reinstall filters inside dust container and position dust container onto vacuum cleaner.

⚠ Warning: Never operate vacuum cleaner without foam filter and filter screen in proper position.

Care and maintenance

Looking after your appliance

How to maintain brush roll bar

⚠ Caution: Make sure vacuum is turned off and power cord is unplugged.

- Step on handle release to lower handle.
- Turn vacuum face down on floor.
- To avoid unnecessary service calls, check brush roll bar for debris.
- Use scissors to clip heavy threads or strings.
- Ensure not to cut any bristles of the bar!

Care and maintenance

Looking after your appliance

How to replace brush roll bar or belt

⚠ Caution: Make sure vacuum is turned off and power cord is unplugged.

- Put the product in a flat surface, with wheels face upwards
- Use a Philips screwdriver to remove 6 screws at the bottom of the base (Fig 1) lift out brush cover
- Rotate right end of brush roll bar and lift it out, then lift out left end of brush roll bar. (Fig. 2)
- To replace belt ,position new belt around motor shaft (Fig. 3), loop new belt around brush roll bar shaft at left end of brush roll bar, then insert left end of brush roll bar first, align brush roll bar end cap with slot to make it fit into position, press right end of brush roll bar into position (Fig.4)
- Refit brush roll bar cover and twist 6 screws into base (Fig 5)

Fig 1

Fig 2

Fig 3

Fig 4

If you require any technical guidance or find that your product is not operating as intended, a simple solution can often be found in the **Troubleshooting** section of these instructions

Fig 5

How to maintain small turbo brush

1. To release the turbo tool transparent cover for cleaning, twist the locking ring to the unlock position and remove it.

2. Pull cap up on the top of the pet tool as shown.

3. Remove plastic upper cap to clean, remove pet hair and debris.

- Do not clean the vacuum cleaner, components or accessories using petrol or any other flammable liquid or solvents, etc.
- Clean only the outside of the vacuum cleaner.
- Use only a moist cloth and mild detergent for cleaning the vacuum cleaner, components and accessories.
- After cleaning, wipe off the moisture on vacuum cleaner, components and accessories with a dry cloth.
- Do not place accessories, tools or components in a dishwasher.

TROUBLE SHOOTING

In case of malfunction, please refer to the following table.

NOTICE: Thermal cut-off

This vacuum cleaner has a special thermostat that protects the vacuum in case of motor overheating.

If the vacuum suddenly shuts off, proceed as follows: 1) Push the power switch to off and unplug the vacuum. 2) Check the vacuum for a possible source of overheating such as a full dust container, blocked hose or clogged filter. If these conditions are found, fix them and wait at least 30 minutes before attempting to use the vacuum. 3) After the 30 minute period, plug the vacuum back in and turn on the switch. If the vacuum still does not work, call the customer service helpline.

Problem	Solution
Motor will not start.	<ul style="list-style-type: none">- Push plug securely into outlet, try another outlet or check circuit breaker.- Step on power switch to turn vacuum on.- See detailed "thermal cut-off" instructions above.
Vacuum cleaner does not clean carpet.	<ul style="list-style-type: none">- Empty dust container, clean and/or change filter.- Clean or replace filter regularly to maintain suction.- Check vacuum height adjustment knob position.- Clean brush roll bar if needed.
No suction at the end of hose or wand.	<ul style="list-style-type: none">- See other solutions above.- Remove clogs from the hose or wand that restrict the airflow.
Burning smell; brush roll bar will not turn.	<ul style="list-style-type: none">- Check brush roll bar for debris.- Replace broken or out of shape belt.- Refit the belt.
Vacuum is hard to push.	<ul style="list-style-type: none">- Adjust vacuum height knob to a higher position.

Important Data Protection Information

Bush has appointed Domestic & General Insurance PLC to provide product registration services and protection plans to accompany its products.

What we do with your information

At Domestic & General we want to reassure you that we use your information both responsibly and securely to provide you with the best possible service. Below we explain what we do with your information and your rights to your information. If you would like any further details you can get in touch with us using the contact details below or visit our website (www.domesticandgeneral.com).

Using your information

Domestic & General Insurance PLC ("we") is the "data controller" of your information. We process two sets of information about you, "Personal Information" (your name, address, contact and payment details) and the "Goods Information" you provide to register your appliance or device (your name, address, contact and goods details). We'll use your information: (i) as necessary to fulfil our contract with you (including to recover any amounts owing); (ii) for our legitimate interests in: undertaking marketing (about our products and services and those of our third party partners) by post, telephone, email and/or other electronic messaging services; market research; customer surveys; printing services; checking and verifying your identity and contact details; recording your conversations for training, quality and compliance purposes; and for analytics and profiling for marketing purposes; and (iii) where required to do so by law. We may also ask for your consent to some uses of your information.

Sharing your information

From time to time your Personal Information and Goods Information may also be shared with other members of the Domestic & General Group of Companies (Domestic & General Insurance or Services and other future members of the Group whose details we will notify to you ("Group")), with companies acting on our behalf or providing services to us (e.g. the companies we use to carry out repairs, IT & mailing services, storage of paper records and telecommunications) and with the Sainsbury's Argos Group (which currently includes Sainsbury's Supermarkets, Sainsbury's Bank, Argos Limited, Tu Clothing, Habitat, Argos Financial Services, Nectar and Insight 2 Communication, Argos Business Solutions Limited). The Sainsbury's Argos Group will process your Personal Information for their legitimate business interests (including marketing and analytics) in accordance with their privacy policy, which can be found at www.argos.co.uk/help/privacy-policy

Transferring your information

In exceptional cases, we may transfer your information to countries outside the European Economic Area (including the US) which may not have data protection laws which provide the same level of protection as provided in the UK. We have put in place Model Clauses as an appropriate safeguard to ensure that such information is adequately secured and protected and that such transfers meet the requirements of applicable data protection law.

Product support

Help is always at hand

Keeping your information

We keep your Personal Information for six years after you terminate your policy so that we can deal with any claims. Your goods information we keep for a bit longer, normally 10 years (the average life of an appliance) for health and safety. We also keep your information to send you marketing that you might be interested in, unless we receive a request from you to opt-out of marketing.

Rights to your information

By writing to the Data Protection Officer using the contact details provided below, you have the right to ask us:

- for a copy of the Personal Information we hold about you
- for a copy of the Personal Information you provided to us to be sent to you or a third party in a commonly used, machine readable format
- to update or correct your Personal Information to keep it accurate
- to delete your Personal Information from our records if it is no longer needed for the original purpose; and
- to restrict the processing of your Personal Information in certain circumstances

And you may also:

- object to us processing your Personal Information – in which case we will either agree to stop processing or explain why we're unable to; and
- where we rely on your consent, withdraw that consent at any time.

Please note that the above rights are not absolute and certain exemptions apply to them. You can also make a complaint to the Information Commissioner (www.ico.org.uk) if you feel your Personal Information has been mishandled.

Marketing

We, along with other members of our Group, Argos Limited, and other members of the J Sainsbury's Group of Companies may use your information to tell you about any offers, products or services which may be of interest to you. We may contact you by post, telephone, email and/or other electronic messaging services. To change your marketing preference, let us know by emailing marketingpreferences@domesticandgeneral.com or by writing to us using the contact details provided below. If you don't want Argos to send you marketing by phone, email or post then please see Argos's Privacy Policy, which can be found on their website at www.argos.co.uk/help/privacy-policy to opt out of this marketing. Argos will stop sending you marketing communications but will still contact you with service-related messages every now and then.

Contact Details

If you need to contact us about your information or your information rights, or to see a copy of our Model Clauses, please write to: Freepost Plus RTKS-CLRA-GRYE, Data Protection Officer, Domestic & General, Leicester House, 17 Leicester Street, Bedworth, CV12 8JP or dataprotection@domesticandgeneral.com and we'll be happy to help you.

Or by calling one of our experts on **0345 604 0105**
